

Notice to Mariners

Rampion Offshore Wind Farm

Date of Issue: 25/01/2018

Notice Expires: Ongoing

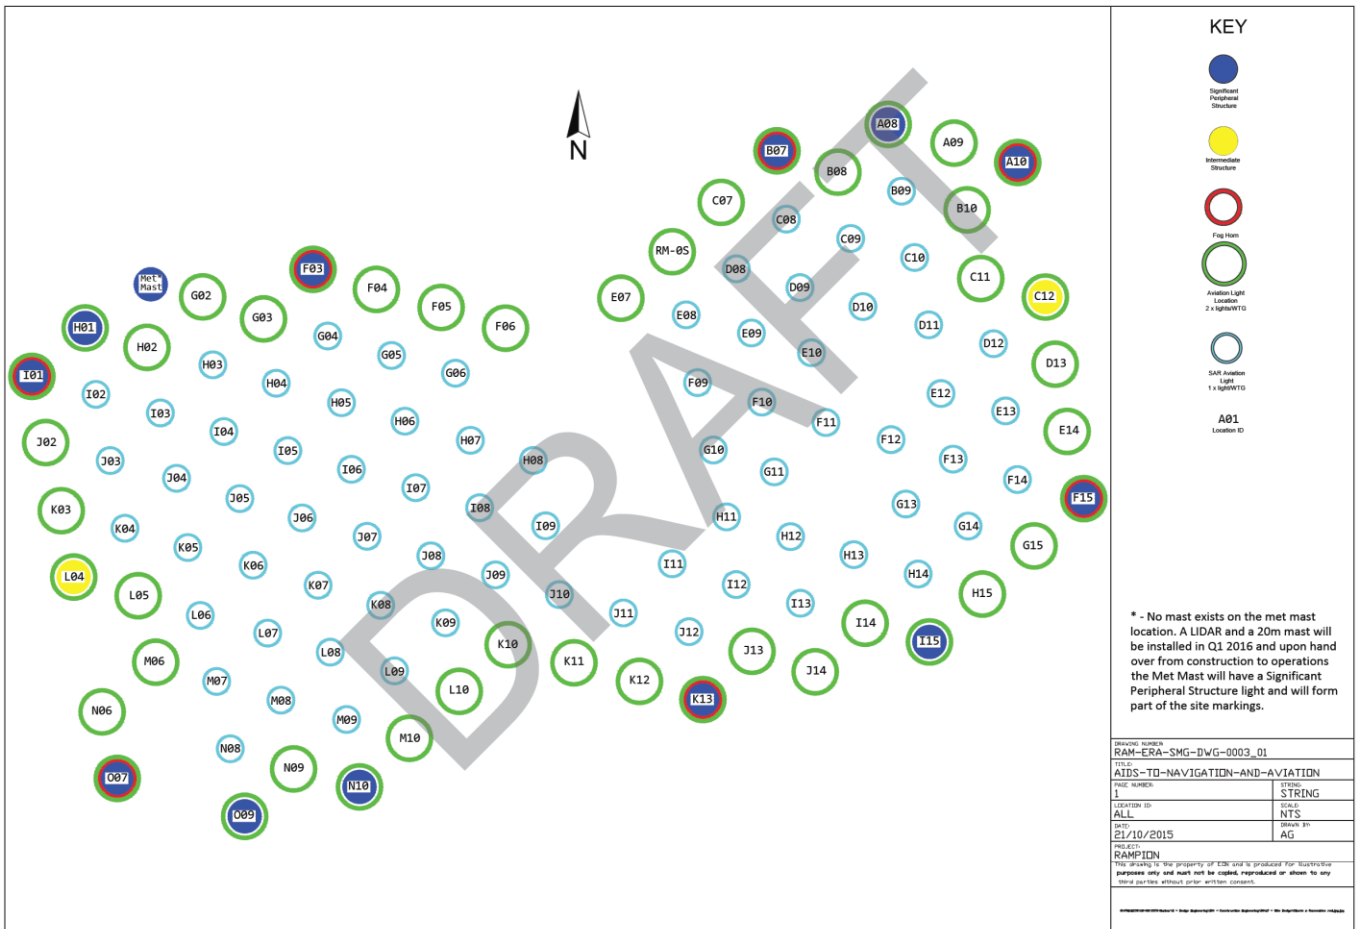

Dear Authorities, Owners, Ships Agents, Masters, Pilots and Fishermen,

Re: Rampion Offshore Wind Farm - Rampion Aids to Navigation

AToN:

During construction there was 2 x AToN installed on all structures. As we are commissioning there will be a need to remove all internal AToN from structures, only having the peripheral of the windfarm illuminated with the 2-x construction AToN on each structure.

Once handed over to O&M towards the end of March all construction markings will be removed and the Operational markings will take over as in the chart below.

Notice to Mariners

Rampion Offshore Wind Farm

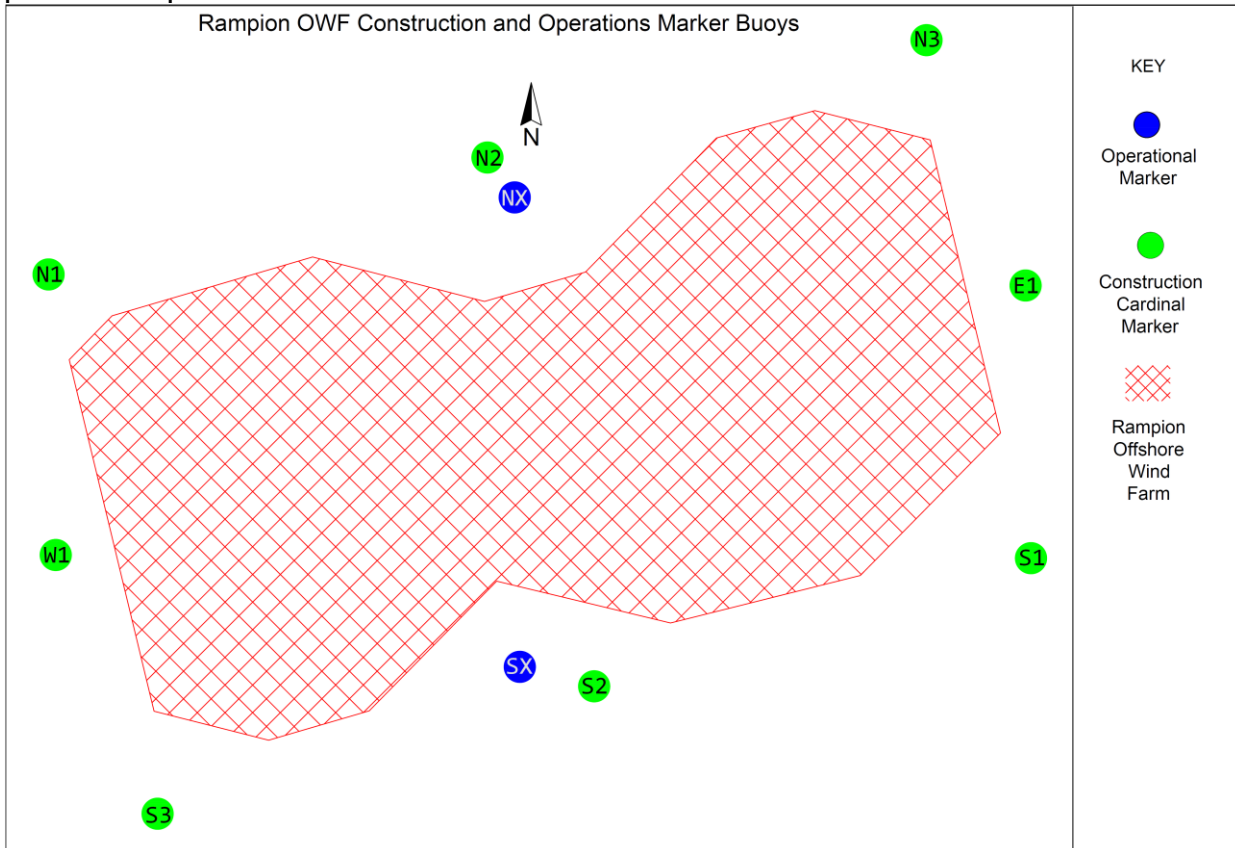

Date of Issue: 25/01/2018

Notice Expires: Ongoing

Cardinal Buoys:

There are currently 8 cardinals deployed.

Once handed over to O&M towards the end of March the 6 construction cardinals will be removed and the North and South cardinals will be moved into their final operations position as per below chart.

Update will be issued once the above operations take place
