

Notice to Mariners

Rampion Offshore Wind Farm

Date of Issue: 16/02/2018

Notice Expires: Ongoing

All Mariners,

Re: Rampion Offshore Wind Farm – NTM-0097 Installation of Nearshore East Export Cable Protection

The rock bag installation vessel Voe Vanguard will be placing rock bags for cable protection between **KP 0.95** and **KP 1.5** on the East Export cable. Operations are planned to start on the 27/02/2018 and will last approximately 5 days weather permitting.

During this 5-day work scope the vessel will also conduct identical works within the wind farm array.

Voe Vanguard
Call sign - MBEN9
MMSI - 232008636
Length - 33.18
Beam - 14.5
Draught - 4.9
Gross Tonnage - 499

Actions

The vessel will be restricted in manoeuvrability during operations. All vessels are requested to remain a minimum safe distance of 500m from the vessel at all times.

All mariners should be aware that High Speed project vessels (crew transfer vessels) are operating between the ports of Brighton, Shoreham, predominantly Newhaven and the wind farm.

Please find a chart below with coordinates for reference.

East Export Cable Route

LATITUD	LONGITUD	KP
50° 49.0411453' N	0° 20.1491986' W	0
50° 49.0383954' N	0° 20.1471673' W	0.006
