

What to expect during your visit

The safety and wellbeing of staff and visitors to the Rampion Visitor Centre is our utmost priority. With this in mind, we have put the following safety measures in place, in line with Government guidelines.

On the day of your visit:

We ask that if you or anyone within your group is showing any symptoms of Covid-19 on the day, that you **do not visit**.

Visitors will be required to wear a face covering whilst inside the visitor centre, unless they are exempt.

Sanitising stations are situated at the entrance and exit. All visitors are asked to use these prior to entry.

Please remember to follow social distancing guidelines whilst inside the Visitor Centre.

To minimise queueing, please do not arrive any earlier than 5 minutes before your booking time.

There is a designated outdoor space where you can wait and will be greeted by a member of staff.

Additional Health and Safety measures:

All touch surfaces and displays within the Visitor Centre will be cleaned regularly throughout the day.

All staff will wear a face covering whilst inside the Visitor Centre, to keep both themselves and our visitors safe.

Visitor numbers will be limited to enable social distancing within the Visitor Centre.
